12	Centre for development of advanced computing , delhi	Certificate course in data science using python iteration - i	17-Jun-2024 To 28-Jun-2024	Students, working professionals and govt officials	The objective of this course is to create expertise in python programming to develop data science applications
13	Bankers Institute of Rural Development, LUCKNOW	Developing women leadership - women only	24-Jun-2024 To 28-Jun-2024	Senior level women officer from Government, Banks, Universities, MFIS, NGOS	<ol style="list-style-type: none"> 1. Describe the role of women in development with special reference to rural sector. 2. Explain meaning of women empowerment and leadership 3. List out gender inequalities and its effect of development. 4. Discuss important steps for self-empowerment & inter-personal communication. 5. Demonstrate strategies for conflict resolution and building team for synergetic outcomes. 6. Exhibit emotional intelligence for enhancing leadership capabilities.

14	Post graduate institute of medical education and research	International public health management development program	25-Jun-2024 To 08-Jul-2024	Middle and senior level officials involved in planning, implementing, monitoring and evaluation of project or program with minimum 10 years experience.	Provides knowledge in leadership, team building, planning, monitoring, evaluation, project management, resource allocation, budgeting, financial reporting, total quality management and public health communication for addressing public health challenges and strengthening efficiency of organizations in limited resource settings.
15	Centre for development of advanced computing , mohali	Specialized training programme in internet of things applications in agriculture	26-jun-2024 to 09-jul-2024	Government officials, faculty members from reputed institutes or groups (electronics, electrical and computer science engineering)	<ol style="list-style-type: none"> 1) Develop in depth understanding in automation in agriculture using iot 2) To make the participants understanding iot and its programming interface with components used in various applications 3) To provide the theoretical as well as the practical knowledge on iot in agriculture sector using case studies.

16	CBI academy	Investigation of anti corruption cases and procurement & contract frauds	26-jun-2024 to 09-jul-2024	Deputy superintendent of police and above	The course is aimed to enhance the knowledge and skills by discussing effective methods and procedures deployed by the investigators for successful investigation and prosecution of corruption cases
17	National Institute Of Labour Economics Research And Development	International Training Programme On Developing Human Capabilities	26-Jun-2024 To 09-Jul-2024	Senior Middle Level Officers In Ministries, Govt. Dept, Universities, Academic Institutions	<ol style="list-style-type: none"> 1. To Understand the factors that affects development Of individual capabilities 2. To create awareness about the various capabilities that can be developed at organizational level 3. Learn about how governments can contribute towards developing human capabilities.
18	Environment Protection Training And Research Institute	Environmental Impact Assessment Development Projects	26-Jun-2024 To 09-Jul-2024	Practitioners, Government Officials, Academicians, Functional Area Experts, Government Officials	Environmental planning including assessment of environmental impact of development projects has been made mandatory in developing countries. this eia training is designed to introduce the concept, history, outlines and methodology adopted placing it within the framework of sustainable development and exposing the trainees

					to some of the studies in the field.
19	National Institute Of Technical Teachers Training And Research	Advanced Certificate Course On Integrating Industry Four Dot Zero Competency And Twenty First Century Skills In Educational Institutions	26-Jun-2024 To 23-Jul-2024	Government Policy Makers/ Administrators / Officials From The Ministry Of Education / Higher Education / Technical Education / Vocational Education/ Human Resource Development / Labour Ministries / Tvet Related Ministries / Academic Leaders / Executives / Educational Administrators / Directors/ Heads / Senior Faculty Of Institutions Like Tvet Institutes/ Vocational Colleges / Technical Schools / Polytechnics / Engineering Colleges / University	Understand the technologies under of industrial revolution (ir 4.0) Comprehend different drivers necessary for the transformation in ir4.0 List the 21st century skills Develop competency necessary in the industry 4.0 era Gather competency necessary for the 21st century skills in education familiarize nheqf, tvet system and nveqf Comprehend with the pedagogy to deliver 21st century skills and ir 4.0 Develop curriculum framework incorporating 21st century skills and ir 4.0 select suitable instructional methods and media appraise industry-

				Departments	<p>institute partnership</p> <p>Use of ict tools & digital technology to integrate 21st century skills and ir 4.0 in education</p> <p>Assure quality in educational institutions in the ir4.0 era</p> <p>Prepare action plan to integrate 21st century skills and ir 4.0 in educationall institutions</p>
20	International statistical education centre	Six Sigma Grren Belt	01-Jul-2024 To 12-Jul-2024	Engineers and process managaers with adequate knowledge of mathematics	<p>To introduce the methodologies that are useful for understanding and applying the dmaic principle in the domain of work so as to reduce variability In the process.</p>
21	Satyajit ray film and television institute, kolkata	News And Current Affairs Using State Of The Art Tools Iteration li	01-Jul-2024 To 19-Jul-2024	Interest in audio-visual journalism	<p>This 3-week itec course delves into the foundational tenets of news reporting and journalism ethics. participants will learn interviewing techniques, examine different news styles, and explore various news platforms. the ethical challenges in ai-driven news will be discussed and the participants will develop creative ideas for audio-visual storytelling. the practical classes will</p>

					provide hands-on experience in a news studio setup, where the participants will learn production control skills through coordinated practice. the course will end with an assignment where each participant will create their own short news bulletin.
22	Centre for development of advanced computing , delhi	Certificate course in fundamentals of cyber security and cyber forensics	08-jul-2024 to 19-jul-2024	Students, working professionals and govt officials	The objective of this course is to provide the students a detailed knowledge in the field of cyber security. the students will learn the fundamental ideas behind cyber security, the evolution of the paradigm, its applicability, benefits, as well as current and future challenges
23	International Statistical Education Centre	Data Analytics For Decision-Making	8-Jul-2024 To 26-Jul-2024	Middle Management and Senior Management Officers of National Statistical Officers and Industry Involved in Decision Making, Faculty Memembrs of Colleges and Universities	To introduce policy planners and managers working in various areas, like government and industry, to methodologies that are useful for analysis of big data, With the ultimate objective of being able to take more informed decisions leading to better policy planning.

24	Rashtriya raksha university	New frontiers in combating financial & economic crimes- towards global financial security	10-jul-2024 to 23-jul-2024	Law enforcement officials, government officials	Participants in this session will learn about the many types of financial crimes, the intricacies involved in their investigation and intelligence gathering as well as national and international framework regulating the same. The training programme will also cover contemporary financial fraud trends, challenges, and worldwide community activities.
25	National institute of plant health management	Integrated vertebrate pest management	10-jul-2024 to 23-jul-2024	Officials from ministry and department of agriculture, horticulture and universities professors, pest control operators	To impart knowledge and skills on vertebrate pest problems and their biology in agrarian and urban ecosystems and commodity storage. to impart knowledge on methods of assessing their infestation and damage incidence. to impart knowledge on various methods involved in their management including monitoring to understand the planning processes involved for implementation of vertebrate pest management.

26	National institute of labour economics research and development	International training programme on monitoring and evaluation of development projects/ programmes - women only	11-jul-2024 to 24-jul-2024	Senior,middle level officers in ministriesgovt dept , universities , academic institutions, international ngos multigovernmental bodies	Enhance the capacities to undertake high-quality m&e exercises improving awareness about principles and key components of a successful m&e system sensitise about the role and importance of a robust m&e system for effective design and planning of public service delivery introduce to the global standard practices of m&e, tools, and techniques exposure to best practices and examples from india with regard to m&e enhance competency of participants in using data and results of high-quality evaluations for decision-making.
27	Indian Institute Of Technology- Roorkee (Department Of Hydro And Renewable Energy Formerly Alternate Hydro Energy Centre)	M Tech In Renewable And Hydro Energy	11-Jul-2024 To 10-Jul-2026	Professional Working In Government And Non Government Agencies	Provide capacity building in the area of renewable and hydro energy

28	Indian institute of technology- roorkee (department of hydro and renewable energy formerly alternate hydro energy centre)	M tech in environmental management of rivers and lakes	11-jul-2024 to 10-jul-2026	Professional working in government and non government agencies	Provides capacity building in the conservation and management of water bodies
29	Indian institute of technology -roorkee (department of water resources development and management)	P G diploma in drinking water and sanitation	13-jul-2024 to 08-jul-2025	Offers application based postgraduate degree programmes in drinking water sanitation to students, in service engineers with civil, environmental, mechanical, agricultural, chemical engineers , b.arch and planning or equivalent background of afro asian countries.	The course would provide advanced knowledge and skill development to the engineers and scientist for effective planning, design, construction and maintenance of the drinking water and sanitation programmes to address the unsustainable development goal 6 - clean water and sanitation.

30	Indian institute of technology -roorkee (department of water resources development and management)	P G diploma in irrigation water management	13-jul-2024 to 08-jul-2025	In service professionals having bachelor degree in civil, electrical, mechanical and agricultural engineering with at least 60 percent marks in their bachelor degree examination with one year professional experience	Provides training in innovative technologies required for irrigationwater management to ensure a greener and more sustainable food production.
31	Indian Institute Of Technology - Roorkee (Department Of Water Resources Development And Management)	Pg Diploma Water Resources Development	13-Jul-2024 To 08-Jul-2025	In service professionals having bachelor degree in civil, electrical, mechanical, and agricultural engineering with at least 60 percent marks in their bachelor degree examination with one year of professional experience	Provides education on employment of modern construction machinery,a correct appraisal of the relative role of mechanisation and manuellabour in the execution of multipurpose river projects and therequirements of planned development in the various countries under condition of climate change
32	Indian institute of technology -roorkee (department of water resources development and management)	M tech in water resources development	13-jul-2024 to 08-jul-2026	In service professionals having bachelor degree in civil, electrical,mechanical and agricultural engineering with at least 60 percentage marks in their bachelor degree examination with one year professional	Provides training in basic principles and important details of planning, investigation, design, construction, maintenance and establishing of multi purpose water resources projects including training on employment of modern construction machinery, a correct appraisal of the relative role of

				experience.	mechanisation and manual labour in the execution of multi purpose river projects
33	Indian institute of technology -roorkee (department of water resources development and management)	M tech in irrigation water management	13-jul-2024 to 08-jul-2026	In service professionals having bachelor degree in civil, electrical,mechanical and agricultural engineering with at least 60 percent marks in their bachelor degree examination with one year professional experience.	Provides training in innovative technologies through theory and practicals required for irrigation water management to ensure a greener and more sustainable food production.
34	Indian Institute Of Technology - Roorkee (Department Of Water Resources Development And Management)	Mtech In Drinking Water And Sanitation	13-Jul-2024 To 08-Jul-2026	Working Professionals In The Area Of Drinking Water And Sanitation	To Provide Training In Innovate Technologies Through Theroy And Practicals Required For Drinking Water And Sanitation

35	Indian institute of technology roorkee (department of hydrology)	Fifty one international course of p g diploma in hydrology	15-jul-2024 to 14-jul-2025	Early career academicians and field engineers with modern knowledge and tools in the field of hydrology and water resources engineering	Provides education in the broad areas of surface water hydrology, watershed management, groundwater hydrology & environmental hydrology to the participants working in the water resources sector
36	Indian Institute Of Technology Roorkee (Department Of Hydrology)	Fifty Three International Course Of M Tech In Hydrology	15-Jul-2024 To 14-Jul-2026	Early Career Academicians And Field Engineers With Modern Knowledge And Tools In The Field Of Hydrology And Water Resources Engineering	Provides Education In The Broad Areas Of Surface Water Hydrology, Watershed Management, Groundwater Hydrology & Environmental Hydrology To The Participants Working In The Water Resources Sector
37	Environment protection training and research institute	Climate change and sustainable development	23-jul-2024 to 05-aug-2024	Junior to senior level government officials, academicians, ngos, undergraduate, graduate and research scholars working on climate change and sustainable development issues	Fundamental to sustainable development is building resilience to climate change. In developing countries, the traditional roots to development are at odds with the need for a low carbon economy, climate change presents daunting challenges. This course uses a multidisciplinary approach to discuss the challenges of climate change while contributing to building

					<p>analytical capacities of development professionals to address mitigation and adaptation issues.</p> <p>Objectives:</p> <ol style="list-style-type: none"> 1. Provides a broad and integrated knowledge on key issues in the climate change and sustainable development field 2. In-depth coverage of adaptation and mitigation from theoretical and applied points of view 3. Explores how countries and societies can strive for long-term welfare, while enduring environmental degradation and resource limitations. 4. Brings together insights and perspectives from science, energy, economics, innovation, policy, ethics and gender
38	Indian Institute Of Foreign Trade, Centre For Wto Studies	Specialised Training Programme On Standards, Regulations And Wto Sps And Tbt Measures	24-Jul-2024 To 02-Aug-2024	Minimum educational qualification should be graduation. the course is aimed for middle or senior government officials working in the standards setting bodies or institutes, testing labs, trade or commerce ministries in	The main objective of the course is to enhance the understanding of the legal provisions of the wto agreements relating to sps, tbt measures, role of international and national standard setting bodies, food safety issues and implications on trade, conformity assessment

				developing countries handling issues related to standards, sps or tbt measures, regulations for import and exports, public health and consumer related issues.	procedures.
39	Centre for development of advanced computing mohali	Specialized training programme for digital health interventions in primary healthcare for developing countries - women only	24-jul-2024 to 06-aug-2024	Working healthcare professional with knowledge of computers	1) To get insight of primary healthcare in developing countries including challenges and opportunities 2) To understand overview of integrating digital health in telemedicine 3) Detail study of case studies for telemedicine implementation and digital health in primary healthcare 4) Practical know how of system and implementations 5) To understand guidelines and standards of healthcare domain 6) To understand about data privacy , security and data integrity in telemedicine system 7) Introductory information of ai and iot application in healthcare domain

40	National Institute Of Training For Standardization (Bis)	20th International Training Programme On Management Systems	24-Jul-2024 To 06-Aug-2024	Professionals or officials with minimum 5 years experience in the field of standardization, quality assurance, environment, food safety, occupational health and safety.	Provides knowledge about management systems and auditing techniques and standards related to quality management, environment, occupational health and safety, food safety, etc.
41	Centre for development of advanced computing , delhi	Certificate course in date analysis using power bi iteration - i	29-jul-2024 to 09-aug-2024	Students, working professionals and govt officials	This power bi course aims to empower participants with a comprehensive understanding of business intelligence. By covering foundational concepts, data transformation, dax, visualization techniques, power bi services, connectivity models, power bi report server, and advanced analytics, participants will gain practical skills for effective data analysis and visualization, culminating in a hands-on project to apply their knowledge

42	National Institute Of Labour Economics Research And Development	International Training On Digitalization And Human Resource Management	30-Jul-2024 To 12-Aug-2024	Senior, Middle Level Officers In Ministries, Govt. Dept, Universities, Academic Institutions.	To enable the participants to understand the use of digital technology in delivering hrm activities more quickly and efficiently. to give a practical orientation on the impact of the changing digital technology for different hrm activities in relation to the changing workforce.
43	National Institute Of Entrepreneurship And Small Business Development	Women And Enterprise Development A Trainers And Promoters Program - Women Only	31-Jul-2024 To 13-Aug-2024	The programme is meant for sr. officials, directors, organizations, working in the filed of women empowerment and development	To understand the process of women empowerment through entrepreneurship development
44	Centre for development of advanced computing noida	Specialised programme on mobile app development women only	31-jul-2024 to 13-aug-2024	Govt officials, professionals, research scholars, teachers etc. Participants should have basic knowledge of java programming.	Aim-this program offers opportunity to learn android app development.here we can design native applications,which are specific to android os devices like mobiles,tablets etc.this course will help participants to create richly featured and adaptable mobile applications solutions for real time problems.objective-learn the basics of

					mobile platform and its applications.to develop,implement and deploy techniques in app development for android platform.learn to add features in apps based on firebase cloud messaging,data storage.participants can engage with dynamic and segmented app features and notifications.build,launch and maintain native mobile apps.
45	Engineers India Limited	Women Leadership Programme - Women Only	28-Aug-2024 To 10- sep-2024	Women in mid to senior level leadership positions	The programme has been designed to help women acquire leadership abilities to expand their executive presence and increase their influence. the programme empowers ascending women with the skills, strategies, confidence, and connections they need to achieve their professional goals aims at enhancing general management skills, honing leadership capabilities through experiential modules on personal leadership and self discovery and building authentic leadership style.

46	Entrepreneurship development institute of india	Empowering women through entrepreneurship development - women only	01-aug-2024 to 14-aug-2024	Consultants, academicians, corporate trainers, business counselors, business promotion officers, extension workers og ngos, employees of government organizations and financial institutions.	<ul style="list-style-type: none"> -To disseminate knowledge on tools and techniques that may facilitate the increase and growth of new women entrepreneurs. -To enrich knowledge regarding identification of available business opportunities and preparation of viable business plans. -To devise techniques to enhance leadership and managerial capabilities within women. -To help planners and policymakers in designing policies for women entrepreneurs.
47	International Statistical Education Centre	Statistical Theory And Applications	01-Aug-2024 To 31-May-2025	Officials from national statistical offices, government departments, business organizations, teachers and research workers in statistics, officials from non-statistical fields desirous of acquiring knowledge in statistics with a minimum five years experience.	Provides solid grounding in theoretical and applied statistics, training in official statistics is imparted by officers of the national statistical office. it also provides a specialization in the last phase which tests the application of knowledge gained during the earlier phases by carrying out a live project.

48	Bankers institute of rural development	Creating high performance organizations	05-aug-2024 to 09-aug-2024	Senior level officer from government, banks, universities, mfis, ngos	<ol style="list-style-type: none"> 1.Explain the need and importance of creating high performance organizations (hpo) 2.Disscus the importance of leadership in creating hpo 3.List out the important elements of an effective team 4.Demonstrate skills of resolving conflicts 5.Narrate steps for enhancing emotional intelligence
49	Centre For Development Of Advanced Computing Mohali	Specialized Training Programme In Augmented And Virtual Reality	07-Aug-2024 To 13-Aug-2024	Working Professional With Knowledge Of Computers	<ol style="list-style-type: none"> 1) Understand The Concept Of Augmented And Virtual Reality 2) To Develop Augmented Reality Applications For Real Time Solutions 3) To Familiar Unity Platform With Ar And Vr Applications
50	National institute of technical teachers training and research	Advanced certificate course on design of educational applications using web technologies in foreign language	07-Aug-2024 To 03-Sep-2024	Applicants for this course must be Information Technology (IT) Teachers / IT professionals/ Programmers and ICT Trainers • Minimum of two years' experience in teaching / IT / Networking / ICT application design, Development and Training • Have a good proficiency in	<p>To develop appropriate and necessary competencies in Web Technologies, web design frameworks and web application development</p> <ul style="list-style-type: none"> •Understand the current technologies in Internet world •Desing front-end for web application using front -end technologies •To apply the database technologies in web applications

				<p>English which is the medium of instruction. Preferably not more than 45 years Computer Science and Information Technology professionals</p>	<ul style="list-style-type: none"> •Implement server side programming for the design of web applications •To provide sufficient knowledge in Database Management System •To understand the use of web services in web environment •To appreciate the use of Cloud computing •To understand the various services in cloud computing environment •To know the vulnerabilities in cloud environment •To understand the security services in Cloud computing
51	Tata Institute Of Social Sciences, Mumbai	Emergency Medical Technician Training	06-Mar-2025 To 26-Mar-2025	Other Medical Professionals Working In Medical Emergency Field And Aligned Field From South Asia.	<p>Emergency medical technician training is a certificate programme targeted medical professionals working in the field of allied health care services. emergency medical technicians (emts) are one of the highly demanded professionals in healthcare. this course will build an overall expertise of medical professionals in attending medical emergencies and provide knowledge, skill and attitude to manage a wide range of clinical problems in</p>

					emergencies.
52	Centre for development of advanced computing , delhi	Certificate course in data science using python in french or spanish iteration - i	19-aug-2024 to 30-aug-2024	Students, working professionals and govt officials	The objective of this course is to create expertise in python programming to develop data science applications
53	National Institute Of Pharmaceutical Education And Research	Pharmaceutical Gmp Audits And Self Inspections	19-Aug-2024 To 30-Aug-2024	Drug Regulatory Personnel At Senior Level And Mid Level	The aim of this training course is to learn how to perform better audits and have the opportunity to become familiar with audit process training will be provided by highly experienced pharmaceutical professionals and regulatory agency inspectors this training course provides you the knowledge understanding skills and confidence to audit all aspects of pharmaceutical

					<p>manufacture and control key learning objectives understand the gmp context for pharmaceutical quality system. plan, conduct, report and follow up an audit of a gmp pqs provide guidance for auditors of suppliers, contractors, cmo service providers, outsourced activities and self-inspectors drive continuous improvement of systems and processes drive continuous improvement of auditors and audit systems.</p>
54	Bankers institute of rural development	Understanding and addressing climate change - experiential learning at the climate learning lab	19-aug-2024 to 30-aug-2024	Senior level officer from government, banks, universities, mfis, ngos	<p>1.Understand the contour of climate change and its impact on agriculture and livelihoods 2.Disscus the emerging trends in adaptation and mitigation strategy to address the vulnerability issues. 3.Dynamics of natural resource management and sustainable development 4.Interact with field practiceners who changed the game &get first hand exposure to nrm projects 5.Chalk out an action plan to influence a positive change in their respective areas as a leaders</p>

55	Post Graduate Institute Of Medical Education And Research	Nursing Leadership And Management Program - Women Only	20-Aug-2024 To 02-Sep-2024	Nursing Practitioners Who Have At-Least 5 Year Experience In Clinical Or Public Health Practice	<p>Enhance the skills and competencies of nursing professionals with respect to leadership and management, particularly on team building, health communication, change management, stress management, supply-chain management, quality management, budgeting and financial reporting, self-awareness and emotional intelligence, infection control practices along with demonstration of good public health nursing models of india.</p> <p>objectives - at the end of the program, the participants should be able to - apply diverse management skills learned during the program in their day-to-day practice to improve their organizations efficiency and effectiveness. demonstrate leadership skills in the organization and transfer them to their peers and junior colleagues to create an organizational culture for delivering quality healthcare. integrate knowledge, skills, and attitudes regarding</p>
----	---	--	----------------------------	---	--

					leadership and management in providing professional nursing care in diverse healthcare environments.
56	National institute of labour economics research and development	International training programme on public policy and governance	20-aug-2024 to 02-sep-2024	Senior, middle level officers in ministries, govt. Dept, universities, academic institutions.	<ol style="list-style-type: none"> 1. Understand the nature and meaning of public policy and governance. 2. Learn the theories and methods of public policy and governance. 3. Describe the process of public policy formulation. 4. Understand the role of various agencies in public policy formulation. 5. Analyse various public policies in india and 6. Reflect on the challenges in public policy formulation and implementation.

57	Environment Protection Training And Research Institute	Integrated Solid Waste Management	20-Aug-2024 To 02-Sep-2024	Junior, Middle, Senior Level - Environment Ministry, Municipal Bodies, Rural Or Urban Local Bodies, Industry Department, Academicians, Environment Regulatory Authorities	The course provides an overview of the solid waste management situation in developing countries. it covers key elements of waste management systems, with their technical, environmental, social, financial and institutional aspects while covering strategic planning and policy issues.
58	National institute of plant health management	Management of pesticides and their residues for the protection of food crops	21-aug-2024 to 03-sep-2024	Field officers, plant protection officials and departments, ipm specialists, biopesticide laboratories, agriculture and horticulture department officials, pesticide residue analysis experts, residue laboratories	Core objectives of the training program is to make the participants aware about the - genesis of agrochemicals, pesticides use in the agriculture leading to its future scenario, quality assurance of the agrochemical products, agriculture practices leading to the pesticide residues, impact of the residues on human and environmental health, effects of the pesticide residue on agriculture export, analytical techniques to estimate the pesticide residues etc.

59	National Institute Of Plant Health Management	Production Protocols Of Bio-Inputs For Sustainable Agriculture	28-Aug-2024 To 10-Sep-2024	Agriculture Scientists And Officers Working In Research Institutes Or Bio Control Labs	To impart knowledge and skills on non chemical options for sustainable soil and plant health management, mass production of different biopesticides viz., such as npv, trichoderma viridae, pseudomonas spp, entomopathogenic fungi, etc., mass production and field release techniques of biocontrol agents (predators & parasitoids), botanicals for pest management, mass production of entomopathogenic nematodes, mass production of biofertilizers, etc.

					<p>model, platforms and technologies including quick response (QR) codes, and mobile wallets, benefits to the economy and risks, prudential regulations, and contingency planning. The course is designed to be interactive by using a combination of lectures, case studies, group or individual presentations, and panel discussions.</p>
126	<p>New Generation Competencies for Agripreneurs - Women Only</p>	<p>National Institute Of Agricultural Extension Management (MANAGE)</p>	<p>From 15 to 28 Jan, 2025</p>	<p>Junior and middle level officers from department of agriculture, small and medium scale industries, non-governmental organizations, universities, agri startup founders and other agri & allied ecosystem partners</p>	<p>To know the indian startup ecosystem and agri-startup ecosystem to understand the agri business trends and innovations to understand various opportunities in agripreneurship to learn the financial management for agribusiness and sustainable practices to learn different sets of skills required to run an enterprise successfully to adopt the skill in risk management in agripreneurship and agri-entrepreneurial leadership to familiarize with revenue generation models for agri-business to develop competencies for building strong networks for agripreneurs to take out</p>

					learnings from the various case studies of agripreneurs
127	Geographic Information System For Geoscientists	Geological Survey Of India Training Institute	From 16 Jan to 5 Feb, 2025	Scientists, surveyors, teachers, technicians, etc. dealing with geoscientific studies or research on earth resource and utility management	To enable geoscientists and technicians to use GIS as a tool for data management and decision support in the management of earth resources
128	Microgrids and Renewables Iteration - II	NTPC School Of Business	From 20 to 24 Jan, 2025	Power professionals	The program covers the fundamental principles of microgrids, their design, implementation, and operation. The program shall cover topics such as the concept of microgrids, their components and subsystems, such as generation, storage, and control, and their integration with the main grid. At the end of the training program, participants should have an understanding of microgrids, will be

					able to design and implement basic microgrids and be equipped with the skills and knowledge to operate and optimize them. They should also be aware of the challenges and opportunities associated with microgrids.
129	Empowering Women Entrepreneurs for Rural Development - Women Only	National Institute of Technical Teachers Training and Research	From 22 Jan to 4 Feb, 2025	Entrepreneurs and business owners in rural areas. Professionals working in the field of rural development. Individuals interested in starting businesses that contribute to rural development. Those passionate about empowering women in entrepreneurship.	The aim of this course is to equip participants with the knowledge, skills, and mindset necessary to empower women entrepreneurs in rural areas, fostering sustainable economic development and social progress.
130	Specialised Programme on Machine Learning	Centre For Development Of Advanced Computing Noida	From 22 Jan to 4 Feb, 2025	Govt officials, professionals, research scholars, teachers etc. participants should have good knowledge in python programming.	Aim-equip participants with a solid foundation in machine learning,empowering them to apply supervised and unsupervised learning techniques effectively. Objectives-understand the fundamentals and types of machine learning. Gain proficiency in key machine learning libraries,numpy,pandas

					<p>and scikit learn. Master supervised learning algorithms linear regression, logistic regression, K nearest neighbors, SVM, explore unsupervised learning techniques, K means clustering and dbscan. harness the power of decision trees, random forests and ensemble learning. Introduce neural networks using tensorflow and keras. Apply theoretical concepts through hands on exercises for practical proficiency. Enable participants to confidently approach real world</p>
131	<p>Advanced Certificate Course on Strengthening Technical and Vocational Education & Training Systems to Meet The Sustainable Development Goals of United Nations</p>	<p>National Institute of Technical Teachers Training and Research</p>	<p>From 22 Jan to 18 Feb, 2025</p>	<p>Government policy makers/ administrators / officials from the ministry of education / higher education / technical education / vocational education/ human resource development / labour ministries / TVET related ministries / academic leaders / executives / educational administrators / directors/ heads / senior faculty of</p>	<p>Upon completion of the course, the participants would be able to</p> <ul style="list-style-type: none"> i. know the sustainable development goals (SDGs): "Transforming our World: the 2030 Agenda for Sustainable Development." ii. plan to achieve the sustainable development goals related to TVET in their respective country iii. improve image building of TVET iv. aware of the institutional leadership and management v. gain knowledge of national vocational

				institutions like TVET institutes/ vocational colleges / technical schools / polytechnics / engineering colleges / university departments	qualification system (NVQS) and more.
132	Certificate Course In Fundamentals of Cyber Security and Cyber Forensics in Spanish or French Iteration - II	Centre For Development Of Advanced Computing, Delhi	From 27 Jan to 07 Feb, 2025	Students, working professionals and govt officials	The objective of this course is to provide the students a detailed knowledge in the field of cyber security. the students will learn the fundamental ideas behind cyber security, the evolution of the paradigm, its applicability, benefits, as well as current and future challenges
133	New Enterprise Creation and Skill Upgradation Programme in French	Entrepreneurship Development Institute of India	From 29 Jan to 11 Feb, 2025	The programme is addressed to all those youths who may have latent entrepreneurial potential and are willing to take up the challenges of an entrepreneurial career.	The programme is designed to prepare youth for careers as business creators and developers. The specific objectives of the course are to enable participants to develop grammatical competence, to enrich their vocabulary, help them read and understand different kinds of texts, to write different types of texts like letters, essay etc.</p>

135	Specialised Training Programme on Emerging Issues In WTO & International Trade	Indian Institute of Foreign Trade, Centre For WTO Studies	From 5 to 14 Feb, 2025	Minimum educational qualification should be graduation. The course is aimed for middle senior government officials working in the trade or commerce ministries in developing and least developed country, with a specific interest and knowledge in the identified areas.	The main objective of the course is to enhance the understanding of the participants of the legal provisions of the various WTO agreements and deepen their understanding on the important areas of these agreements where work is in progress emerging issues in WTO negotiations and new issues in international trade.
136	15th International Training Programme on Competence of Laboratories and their Management Systems	National Institute of Training for Standardization (NIS)	From 5 to 18 Feb, 2025	Employees on national standards bodies and professionals engaged in relevant activities	Provides an understanding of ISO IEC 17025, ISO 17043, ISO 15189 and importance of international and regional cooperation in the areas of laboratory accreditation and MRAS, development of quality procedures and auditing etc
137	Certificate Course In Responsible Artificial Intelligence Iteration - I	Centre For Development Of Advanced Computing, Delhi	From 10 to 21 Feb, 2025	Students, working professionals and govt officials	By the end of this course, students will be able to define and explain key concepts in brain behavioral cognitive neuroscience with on fundamentals of brain structure and function. Understanding on functional specifications for human behavior and simultaneously the

					human brain processing.
138	Project and Risk Management for Public Works	Indian Institute Of Public Administration	From 12 to 25 Feb, 2025	Government and public sector companies	Project management its concept and significance for economic development project life cycle and its relevance project formulation and appraisal including commercial and financial aspects of a project
139	Certificate Course on Accreditation on Enhancing Technical Education	National Institute Of Technical Teachers Training And Research	From 12 to 26 Feb, 2025	Practicing teachers / industrial trainers, curriculum developers / planners and or administrators in technical education.	The course aims at demonstrating the process of improving the technical education system through Accreditation Process. <ul style="list-style-type: none"> • To formulate the outcome based curriculum, teaching learning process and assessment to enhance the quality in technical education. • To discuss various accreditation processes in global Scenario.

140	Electric Vehicles, Batteries And Charging Stations Iteration - II	NTPC School Of Business	From 17 to 21 Feb, 2025	Power professionals	<p>The program is designed to provide individuals with knowledge and skills related to electric vehicles (EVS), batteries, and charging infrastructure. the training program covers the basics of ev technology, including how EVS work, their components, and the benefits of using EVS, types of batteries and their characteristics, advantages, and disadvantages, battery management systems, types of charging stations available, information on how to use them, their features, and charging times and the safety and maintenance associated with ev ecosystem. Overall, the training program aims to equip individuals with the knowledge and skills needed to work with EVS, batteries, and charging infrastructure safely and effectively.</p>
-----	---	-------------------------	-------------------------	---------------------	--

141	International Programme On Quality Management In Postal Sector	Rafi Ahmed Kidwai National Postal Academy	From 17 to 28 Feb, 2025	Managers or postmasters who want to acquire the skills to develop a better quality of service in the postal sector	To develop an understanding of the need for better quality of service in postal sector, to introduce the concept of total quality management, to expose to the participant best practices in improving quality of service in india post and other postal administrations and to understand standardisation and measurement of quality of service. to understand the strengths of the postal services in ensuring last mile mail connectivity, last mile cash delivery, financial inclusion, effective DBT payments, using technology as an enabler.
142	Advanced Certificate Course On Skill Development In Electronics For TVET Trainers And Planners	National Institute Of Technical Teachers Training And Research	From 19 Feb to 04 Mar, 2025	Administrators /Trainers/ Planners/ Engineers / Polytechnic and Engineering College Teachers and with relevant discipline	<ul style="list-style-type: none"> • Develop industry inclined TVET Curriculum for Technical Education (Electronics) • Setup Automation lab using PLC and SCADA • Develop graphical environment and Virtual Instruments for industries using LabVIEW • Plan for solar and wind energy to develop green environment • Understand Industry 4.0 and Cyber Physical

					<p>systems</p> <ul style="list-style-type: none"> • Understand the Concepts of Artificial Intelligence and Machine Learning
143	Certificate Course In Responsible Artificial Intelligence Iteration - II	Centre For Development Of Advanced Computing, Delhi	From 24 Feb to 07 Mar, 2025	Students, working professionals and govt officials	This course delves into advanced topics in responsible AI, exploring cutting-edge concepts and strategies for developing ethical and unbiased artificial intelligence systems. participants will gain in-depth knowledge and practical skills to address challenges related to bias, fairness, privacy, and accountability in AI applications
144	Data Analytics For Decision-Making	International Statistical Education Centre	From 26 Feb to 18 Mar, 2025	Middle management and senior management officers of national statistical officers and industry involved in decision making, faculty members of colleges and universities	To introduce policy planners and managers working in various areas, like government and industry, to methodologies that are useful for analysis of big data, with the ultimate objective of being able to make more informed decisions leading to better policy planning.

145	Specialised Programme on IOT-Internet of Things	Centre For Development Of Advanced Computing Noida	From 26 Feb to 11 Mar, 2025	Govt officials, professionals, research scholars, teachers etc. participants should have basic knowledge of C programming.	This course aims to develop knowledge and critical understanding of the underlying principles of internet of things.objective-understand the architecture of IOT. Familiarize on interfacing peripherals with raspberry PI to explore the application areas of IOT. To understand the building blocks of iot and characteristics.
146	Integration of Remote Sensing, GIS, Drones and AI in Agriculture Extension	National Institute of Agricultural Extension Management (MANAGE)	From 26 Feb to 11 Mar, 2025	Middle level officers from department of agriculture, non-governmental organizations, farmer producer company or universities working in agriculture sciences	To equip the participants with hands-on experience and proficiency in utilizing satellite technology, GIS, drones, and AI tools for agriculture to provide insights to the participants into precision agricultural practices through GIS mapping, optimizing inputs, and improving overall resource efficiency to provide opportunities for networking, knowledge-sharing, and collaboration among agriculture professionals and fostering a community of practice.

147	Robotics	Indian Institute of Technology , Kanpur	03-Mar-2025 To 08-Mar-2025	Teachers of Engineering and Research Scholars	<p>The course will comprise of the essential theoretical aspects of robotics from the basics to advanced applications. Each module will be integrated with hands on experiments and applications. There would also be invited speakers from industries and research laboratories to expose the participants to real world robotics applications and research. The course would be designed for teachers, researchers and industry personnel who would like to upgrade their skills in the areas of robotics and automation. Final assessment will be in terms of quiz and written exams.</p>
148	Progress To Proficiency - Iteration VI	English And Foreign Languages University	05-Mar-2025 To 01-Apr-2025	Professionals working in government departments of various ministries in their countries.	<p>The overall aim of the course is to develop participants proficiency in English and to equip them with skills such as reading, writing, listening and speaking. The specific objectives of the course are to enable participants to develop grammatical competence, to enrich their vocabulary, help them read and</p>

					understand different kinds of texts, to write different types of texts like letters, essay etc.
149	Industrial and Electronic Waste Recycling and Management	Indian Institute of Technology, Kanpur	10-Mar-2025 15-Mar-2025	Teachers of engineering management disciplines, research scholars	The course industrial and electronic waste recycling and management focuses on the following to foster inclination towards material recycling, recovery and reuse of industries and electronic waste streams to develop fundamentals of recycling, followed by indepth analysis of raw feed and recycled products to appreciate various processes involved in material recycling, energy and material balance of a system to develop general awareness of a global issue of industrial and electronic waste to facilitate the development of future scope in material

					recycling, innovative approach and public awareness teachers of engineering management ,research scholars
150	Certificate Course In Brain Behavioural Cognitive Neuroscience Iteration - I	Centre for Development of Advanced Computing, Delhi	10-Mar-2025 To 21-Mar-2025	Students, working professionals and govt officials	By the end of this course, students will be able to define and explain key concepts in brain behavioral cognitive neuroscience with on fundamentals of brain structure and function. Understanding on functional specifications for human behaviour and simultaneously the human brain processing.

152	Cross Border Energy Trading-Iteration -II	NTPC School Of Business	17-Mar-2025 To 21-Mar-2025	Power professionals	<p>The program shall cover a variety of topics related to the planning, development, and operation of electricity trading activities between countries or regions including overview of cross-border electricity trading, market design and trading mechanisms used in cross-border electricity trading, power exchanges, transmission planning</p>

					and case studies that illustrate the opportunities and challenges of cross-border electricity trading. Overall, a training program on cross-border electricity trading would provide participants with a comprehensive understanding of the technical and regulatory aspects of planning and operating successful cross-border electricity trading activities.
153	Data Analytics Using Power-Bi, Tableau And Advance Excel In Government Sector	Arun Jaitley National Institute Of Financial Management	17-Mar-2025 To 28-Mar-2025	Officials in government, public and private sectors, universities, chambers of commerce and industry etc.	To develop the understanding of the process of budgeting, linkages between the budget and monetary policy and budgetary reforms

154	Specialized Training Programme In Solving Real World Problems Using Artificial Intelligence	Centre For Development Of Advanced Computing Mohali	18-Mar-2025 To 31-Mar-2025	Working professional with basic knowledge of computer programming (any language)	1) Introduce python programming concepts 2) gain an insight on how python is used for data manipulation and visualization 3) learn about machine learning algorithms 4) introduce deep learning concepts
155	Certificate Course In Brain Behavioural Cognitive Neuroscience Iteration - II	Centre for Development of Advanced Computing, Delhi	24-Mar-2025 To 04-Apr-2025	Students, working professionals and govt officials	By the end of this course, students will be able to define and explain key concepts in brain behavioral cognitive neuroscience with on fundamentals of brain structure and function. Understanding on functional specifications for human behaviour and simultaneously the human brain processing.
156	Managerial Excellence in Land Port Operations	Land Ports Authority of India	From 02-Dec-2024 to 06-Dec-2024	Middle management and above officials at land ports	The objective of the course is to equip participants with cutting edge leadership and management skills tailored to land port operations unique challenges and opportunities

157	Land Port Cross Border Trade Development Program	Land Ports Authority of India	From 18-Nov-2024 to 22-Nov-2024	Middle management and above staff working at land ports and with its stakeholders	The aim of the course is to provide comprehensive knowledge and practical skills in facilitating and streamlining cross border trade through land ports
158	Navigating The Future Transforming The Land Ports Into Smart Port Ecosystems	Land Ports Authority of India	From 10-Feb-2025 to 14-Feb-2025	Middle management and above from land ports and nominees from land port stakeholders including customs, immigration, health, border guarding force, plant and animal quarantine	The course focusses on emerging technologies and their application in transforming land ports into integrated, technology-driven ecosystems. an exhibition featuring the latest technology and equipment from india, europe and asean countries will be showcased.
159	Integrated Transport and Logistic Excellence Program	Land Ports Authority of India	From 06-Jan-2025 to 10-Jan-2025	Middle management and above at land ports	The course focusses to optimise integrated transport and logistic solutions for land ports, enhancing regional connectivity and trade facilitation

160	Engineering Excellence From Blueprint To Border	Land Ports Authority of India	From 21-Oct-2024 to 25-Oct-2024	Staff responsible for designing and constructing the land ports	The course aims to equip the participants with skills on master planning for smart, green and resilient land ports, including infrastructure planning and development, smart social infrastructure and green buildings
161	Sharing the Indian Accounting Profession Story	Institute of Chartered Accountants of India	18-Nov-2024 to 29-Nov-2024	Participants from international professional accountancy organisations (PAOS)	The course aims to present a detailed narrative of the Indian accounting profession's evolution and its significant contributions to both domestic and global financial landscapes. The objective is to showcase the historical foundations, key milestones, challenges, and innovations that have shaped the Indian accounting profession while offering a forward-looking perspective on emerging trends and the profession's role in the nation's economic growth.

162.	Smart Grids Iteration - I	NTPC School of Business	03-07 March 2024	Power Professionals	<p>A Training Program On Smart Grids Typically Covers The Fundamental Principles Of Smart Grids, Their Design, Implementation, And Operation. The Program Includes Topics Such As The Concept Of Smart Grids, Their Components And Subsystems, Such As Advanced Metering Infrastructure, Distribution Automation, And Demand Response, And Their Integration With Renewable Energy Sources And Electric Vehicles. At The End Of The Training Program, Participants Should Have A Sound Understanding Of Smart Grids, Be Able To Design And Implement Basic Smart Grid Systems, And Be Equipped With The Skills And Knowledge To Operate And Optimize Them. They Would Also Be Aware Of The Challenges And Opportunities Associated With Smart Grids, Such As Cybersecurity, Interoperability, And Privacy, And Be Able To Address Them In Their</p>
------	---------------------------------	-------------------------------	------------------------	------------------------	---

					Respective Roles.
163.	Microgrids And Renewables Iteration - I	NTPC School of Business	24-28 March 2024	Power professionals	The program covers the fundamental principles of microgrids, their design, implementation, and operation. The program shall cover topics such as the concept of microgrids, their components and subsystems, such as generation, storage, and control, and their integration with the main grid. At the end of the training program, participants should have an understanding of microgrids, will be able to design and implement basic microgrids and be equipped with the skills and knowledge to operate and optimize them. They should also be aware of the challenges and opportunities associated with microgrids.

164	International Programme For Educational Administrators(IPEA) VI	National Institute Of Educational Planning And Administration	11-29 November 2024	<p>1. Educational personnel engaged in the planning and administration of elementary and secondary education at the national, provincial, district or institutional level and also at the system level.</p> <p>2. Heads of educational institutions, regional and district education departments, teacher training colleges who are likely to assume higher responsibilities in educational planning and administration.</p> <p>Note: School teachers, University lecturers, etc. are not eligible for this programme.</p>	<p>This programme has been conceptualised keeping in view their work load and constraints to participate in a long term programme. This programme will enable the educational officials to keep abreast of recent developments in the field of educational planning and management taking place in the world of education as well as share information and experiences with other participating countries and explore possibilities for adapting innovations and challenges which have been implemented and are successful.</p>
165	Infrastructure Project Management & PPP	Gati Shakti Vishwavidyalaya	March 25-30, 2025	<p>Project Managers, Government Officials, Private Investors, Financial Professionals, Legal Professionals</p>	<p>This executive training program intends to equip participants with the necessary knowledge and skills to effectively manage and execute large-scale projects in the country. this program will help the participants to gain insights into evaluating the financial viability of</p>

					the projects and learn to assess their economic and social impacts.
166.	Advanced Course In Artificial Intelligence And Machine Learning In Packaging Industry	Indian Institute of Packaging	03-13 March, 2025	Budding And Existing Entrepreneurs, Academicians, Researchers, Industry People	The aim and objective of the course would be to train professionals with the skills and knowledge to apply ai and ml technologies to optimize and innovate within the packaging sector. This training will provide the participants the advanced knowledge and practical skills in AI and ML, enabling them to drive innovation, improve operational efficiency, and address key challenges in the packaging industry.
167.	Advanced Course In Sustainable Packaging	Indian Institute of Packaging	03-13 February, 2025	Budding And Existing Entrepreneurs, Industry People, Academicians, Researchers	The advanced course in sustainable packaging is designed to train professionals with the knowledge and skills needed to develop, implement, and innovate packaging solutions that are environmentally friendly, efficient, and sustainable. The course

				emphasizes reducing environmental impact while maintaining product safety, functionality, and compliance with global sustainability standards. The course content will provide participants with advanced knowledge of sustainable packaging technologies and practices, enabling them to lead initiatives that reduce environmental impact and enhance the sustainability of packaging solutions across various industries.
168.	Advances In E-Commerce And Logistics In Packaging	Indian Institute of Packaging	06-16 January, 2025	Budding And Existing Entrepreneurs, Industry People, Academicians, Researchers
				The aim of the course is to train participants with comprehensive knowledge and skills about the latest developments in e-commerce, logistics, and packaging. It focuses on the integration of these fields to enhance the efficiency of supply chains and product distribution, particularly in the digital marketplace. The objective of this course module is to understand the e-commerce trends and technological advancements in

					logistics management and modern e-commerce, study the latest packaging technologies and materials that cater to the needs of e-commerce, sustainability in e-commerce and packaging.
169.	Advances In Food And Pharmaceutical Packaging	Indian Institute of Packaging	23 December, 2024 - 03 January, 2025	Budding And Existing Entrepreneurs, Industry People, Academicians, Researchers	The course would aim to provide in-depth knowledge of the latest innovations, technologies, and best practices in packaging for the food and pharmaceutical sectors. This course would focus on the materials, methods, and regulatory requirements specific to these industries while emphasizing sustainability and consumer safety. This training will provide participants the advanced understanding and technical skills related to cutting-edge packaging solutions in the food and pharmaceutical sectors, focusing on safety, sustainability, regulatory compliance, and innovation.

170	Urban Mobility	Gati Shakti Vishwavidyalaya	04-09 March, 2025	Managers, Policymakers, Researchers	Urban Mobility refers to the movement of people and goods within a city or metropolitan area, cities around the world depend on smooth urban mobility. It's the lifeblood of their economy, allowing people and goods to move efficiently, boosting productivity and attracting investment
